RENO POWER COMPANY DECLARES WAR BY A RUTHLESS SLAUGHTER OF RATES

THEY ARE GOING BACK TO FACE THE MUSIC

President Young of the Goldfield Bank & Trust Company and His Attorney Passes Through Reno Under Arrest

President J. B. Young of the Goldfield Bank and Trust Company, and F. L. Burton, an attorney, who has been mixed up with the affairs of the bank, accompanied by Detective J. B. Freil, were here yesterday morning long enough to get breakfast in the city. They left over the Virginia and Truckee for Carson, where they waited over until today for an officer to come from Goldfield after them.

The affairs of the bank are attracting widespread attention, chiefly because of the fact that the southern Nevada country occupies so conspicuous a position in the eyes of the world and also because the depositors' committee has been unable to find very much in the way of assets, although President Young declares the institution has resources to meet its liabilities.

P. L. Davis of Los Angeles, who purchased President Young's stock in the bank a week ago, stated yesterday in an interview at Los Angeles that he purchased the stock in good faith and that he will go at once to Goldfield and that no one having money in the bank will lose a cent. Just how authoritative this statement is, or of Mr. Davis' responsibility nothing is known here.

The depositors committee has thus far been unable to make head or tail out of the affairs of the bank. The fact that no balance was taken on the institution's books makes it extremely difficult to ascertain the true condition of the bank.

While eating a hurried breakfast the party were seen by the Journal. "We (Continued on Page Eight)

"PRESIDENT HUMPHREY at present is in San Francisco. The business of our company is in his charge and, of course, I cannot give you an outline of what we intend to do. You can say, however, that the Washoe Power and Development Company has spent its money with the view of supplying the people of Reno with electric power and lights and will not allow a rate reduction to cause it to give up the field. Mr. Humphrey, upon his arrival, will perhaps make a more definite announcement than this. You can also state if you wish that this company intends to remain in business and continue its improvements."—John Evans, vice president Washoe Power and Development Company.

"THE people will at first reap what they deem a profit by this move on the part of the Reno Power, Light and Water Company. It means a bitter war, at the end of which the fittest will survive. It will in the end hurt Reno, for capital will naturally be afraid to venture into a community that encourages rate wars. I understand the Washoe Company was the first to cut the rates. I am not opposed to a liberal reduction in the rates, but I do insist that they should be fair enough to allow both companies opportunity to make a fair interest on their investments."—Statement made by well known taxpayer and property owner of Reno, who asked that his name be withheld.

CHINESE BANDITS HARASS THE RUSSIANS

The Czar's Army Is Menaced by Mongolian Outlaws Who Are Continually Attacking the Outposts

GUNSHU PASS, May 25—A squadron of Japanese cavalry which has been reconnoitering deep into the Russian rear, encountered and defeated a small detachment of Russians northwest of Gunshu Pass, twelve miles from the railroad on May 22, and on the following day penetrated almost to the station of Tenzlatun, twenty miles north of Gunshu Pass.

The appearance of the Japanese so far from their base is taken as an intimation of their desire for information preliminary to turning their flank.

Reports of movement of Japanese in the direction of Tsisihar, 300 miles west of Harbin, were received.

Chinese bandits are active on the Mongolian border. They are hampering the Russian scouts, preventing them from purchasing supplies and attacking cattle purchased by the Russians. One Russian detachment, which has been buying cattle, traveled 270 miles in eleven days.

An important price whose territories touch the border is said to have forbidden the Russian merchants and reconnoitering parties entering his country.

General Kuropatkin arrived here by a special train today.

Receiver Appointed

CARSON, May 25—An order was issued here today appointing Dennis Kehoe as receiver of the defunct Goldfield Bank and Trust Company. Kehoe formerly resided in Virginia City. He went to Goldfield several months ago and is a man well known throughout the state.

TROLLEY CARS IN WRECK

Augusta, Ga., May 25—Two men were killed, one fatally injured and two probably fatally hurt, and three others slightly injured in a collision between a passenger trolley and a coal car on the Augusta and Aiken railway in the stretch of woods several miles from Augusta. The dead are J. Holdman, motorman, and Felix Boddie.

EIGHT KILLED IN JEWISH RIOTS AT WARSAW

WARSAW, May 25—The disturbances here are still in progress. Eight persons were killed, 100 wounded, nineteen seriously, today.

The authorities took no steps to prevent the riot until late tonight, when the Cossacks fired on the crowds at two points, wounding four persons. Such disturbances are unprecedented here. The whole affair is a conflict between respectable Jewish Socialist classes and the disreputable Jewish element.

Extraordinary scenes were witnessed here tonight when the crowds visited the better section of the city, demolishing many apartments filled with costly effects. Wardrobes, pianos, mirrors, were thrown out of windows. The mob in the street left a space for the falling articles, then completed its work of destruction.

In one place a quantity of valuable jewelry was taken out and deliberately smashed with stones. The whole affair was carefully organized. The leaders were supplied with the addresses of the owners of disreputable houses and scarcely a single resort in Warsaw escaped destruction.

Old Organization Makes the First Public Move in a Fight That Means Ruin of One of Two Corporations

A WAR of the lighting companies is on and, temporarily at least, electricity will be furnished the people of Reno at a price far below the cost of production.

The first blood was scored by the Washoe Power and Development Company, the new corporation, whose plant, between Laughtons and Verdi, is now practically completed. Its agents have been writing contracts at a lower rate than that fixed by the Reno Power, Light and Water company, which met the cut and went it a few better, scattering broadcast yesterday handbills bearing the following notice:

LIGHTS

To All Whom It May Concern

From and after June 1, 1906, we, the Reno Power, Light and Water Company, do hereby agree to deliver current for lighting purposes at 75 per cent reduction from the present rates, whether holding contracts or not.

RENO POWER, LIGHT AND WATER COMPANY.

By P. L. Flanagan, Pres.

Mr. Humphries of the Washoe Power and Development Company is in San Francisco and it could not be learned last night what action will be taken by the new company, but it will doubtless meet the figures of its rival and consumers will begin taking handsome profits out of the power companies' corresponding losses, for it is an impossibility to furnish electric service at a cost of one-fourth the present rates.

How long these companies will be able to continue the war is measured by their financial resources. Unless there is a truce within a short time one or the other must go to the wall and both be badly crippled financially. Almost the only possible end of the electric war will be a compact on rates or a consolidation, when the price of the "juice" will be put on a living basis.

The new concern is installing a mod-

ern and up to date plant and is backed by ample capital.

President P. L. Flanagan of the old company said yesterday to The Journal:

"Our announcement is no 'bluff.' It was made after a careful survey of the situation and a thorough canvassing of our resources. We are determined to hold our territory and extend the same."

Manager Bechtel here remarked: "This shows what we are doing. It is early in the day, but here are fourteen applications already received this morning and all sent in before we announced the cut."

"We are now in splendid position to extend our electric service," continued Senator Flanagan. "We are to the extent of 1000-horse power owner in the new plant, being erected near Marmol by the Truckee River General Electric Company. This power will supplement what we are now purchasing from the Fleischhackers' generating plant at Mystic."

"Our plant above Reno has been thoroughly overhauled since the recent accident and now has an increased output of 100-horse power."

We are now supplying the cities of Reno and Sparks with 150 arcs and 40,000 incandescents. Our heaviest user of electricity for power purposes is the Nevada Transit Company, whose street cars utilize 300-horse power. The Southern Pacific Company takes 250-horse power for its shops at Sparks. The Reno Press Brick Company takes 75-horse power and, altogether, the motors we supply use 900-horse power.

"We are by no means crippled by the recent strike of linemen and have all places filled by skilled men. There are more applications than there are positions."

"But the electric end of our business is not the only one that we are developing and extending. By Saturday evening the trench will be completed for the high pressure water main to Sparks. The pipe is already beginning to arrive."

"The property owners of Sparks will find their insurance rates materially lowered, for the hydrant pressure will be 120 pounds, there being 245 feet of fall."

THIRTY HURT IN WRECK

BALTIMORE, Md., May 25—William Stembler was killed and thirty-five injured in a collision between two trolley cars returning from Westport, a suburban resort, early this morning. The cars were filled with laborers on their way to work. Several of the injured are in a critical condition. The coroner is holding an inquest over the body of Stembler.

TEAMS DRIVEN BY COLORED MEN UNHARMED

CHICAGO, May 25—The strike did not spread to any great extent today. There was practically no disorder. A number of lumber firms made a few deliveries but they did not attempt anything like the normal amount of business.

For the first time since the strike commenced coal wagons handled by colored teamsters passed through the down town streets without police protection. None of them were molested in any way.

Mayor Dunne and Chief of Police O'Neill, did not meet with the response they expected when they called for 1000 volunteers for additional policemen. Not over 100 responded and only three quarters of the applicants proved acceptable.

In the lumber districts several concerns refused police aid, declaring that it was impossible to make deliveries without guards of soldiers.

There is no apparent prospect tonight in any direction of settling the strike.

The express companies absolutely refuse to recede the slightest degree from their declaration that none of the old men would be re-employed.

GRAND BALL BY CATHOLIC PEOPLE

Will Be Given Tonight in Robison's Hall and Promises to Be the Finest Social Event of the Year

The ball to be given tonight by the Catholic young men in Robison's hall promises to be the greatest social success of the season. The young men are making very extensive preparations for the entertainment of their guests and all indications point to a large crowd being in attendance.

The hall is being very handsomely decorated for the occasion with flowers, evergreens and appropriate color effects. The music will be furnished by one of the finest orchestras in the state and will probably be the best dance music ever heard in this city.

Special pains are being taken to put the floor in the best possible condition and without doubt it will be in superb shape for the dance this evening. It will be for the best interest of all who are desirous of spending a very pleasant evening to attend the dance tonight.

ENTERTAINMENT AT BAPTIST CHURCH

An entertainment and lecture will be given tonight in the Baptist church under the direction of Mrs. L. Owen of Los Angeles. Mrs. Owen will deliver a lecture on "Love, Courtship and Marriage." It is a live and interesting subject and should please and benefit both young and old. At the conclusion of the lecture a short program will be rendered by the children of the public school.

Mrs. Owen represents the American Sunshine League of Los Angeles. She is a woman of wide experience and a very interesting speaker. All who attend are sure of spending a pleasant evening.

FAREWELL RECEPTION TO DEPARTING MEMBER

The ladies of the Congregational church tendered a reception to the members of the St. Margaret Society yesterday afternoon. The reception was held in the basement of the church. It was also in the nature of a farewell to Mrs. Judd, who is preparing to leave for Michigan to reside. Mrs. Judd has been a member of the church for the past twenty-five years and is one of the most popular members of the congregation. She will leave in about ten days.

About sixty ladies were in attendance and a pleasant afternoon was passed. One of the pleasing incidents of the afternoon was the presentation of a gold-headed umbrella to Mrs. Judd by the members of the church.

ORO COMPANY ELECTS OFFICERS

Met in Reno Wednesday Night, Perfect Organization and Selected Its Officials

The Oro Mining Company was organized last Wednesday night at Reno. Several prominent residents and property owners of this city are interested in the company, which has the scene of its operations in Secret Canyon, situated in the White Horse district. The officers of the company elected Wednesday night are as follows: President, John Sparks, vice president, N. C. Prater, secretary and treasurer, Dr. J. A. Ascher, attorney, Judge C. E. Mack, board of directors, Frank Hatton, Warren T. Golding, Peter Somers and F. H. Kelley.

The company has six claims from which some very good ore has been extracted. The ore assays from \$2 to \$20 on the surface. Development work is now going on and an increased force of men will be put on at once.

Bowling Contest Sunday

Another bowling contest will be held on the Wallstab bowling alleys next Sunday. Two prizes will be given to the contestants making the two highest scores. The first prize will be a pair of Belgian hares and the second a pair of imported wassels. The contest is open to all.

Work on the School House

The work on the new school house is progressing very rapidly. The foundation is now being put in and work on the walls will be started soon. Cement and brick are now being hauled in readiness for building. The work is in charge of Civil Engineer F. R. Nicholas.

Returned Home

Mr. and Mrs. E. H. Stinson, who have been visiting the parents of Mr. Stinson in this city for the past few days, returned to their home at Humboldt House yesterday. Mr. Stinson is night operator at that place for the Southern Pacific.

Erecting Residences

W. E. M. Stewart and Mr. Merchant have begun the erection of two fine modern residences on the south side of Deer Park. They are among the finest buildings in that locality and are fitting improvements to that part of the city.

Injured by a Fall

A Midgley, the well known painter of this city, who has been engaged in doing some work in Reno, fell from the roof of a house on which he was working and was badly shaken up and bruised. He will be unable to resume work for several days.

ANKLE CRUSHED BY FALL OF CASTING

C. M. Stewart, an employee of the Nevada Engineering Company, met with a painful and somewhat serious accident yesterday morning at the foundry, when a large casting fell on his left foot, crushing the ankle.

Mr. Stewart was lifting a heavy casting with a crow-bar, when the lever slipped and the iron fell on his ankle. A couple of assistant molders lifted the casting from his foot and he was taken to the home of C. J. Brookins, where he was attended by Doctor Walker and Moser.

Mr. Stewart's injuries are such as to lay him up for the next six weeks.

ALL EYES DIRECTED TOWARD OLINGHOUSE

How did I come to go to Olinghouse? Well I will tell you," said De Witt C. Turner, a San Francisco mining man, who is interested in several mining properties at White Horse, at the Overland yesterday.

"Some time ago I saw by one of the newspapers that a party of mining men from Europe were coming west for the purpose of looking over the Nevada properties and particularly those in the White Horse district.

"I thought if people were coming from abroad to inspect this camp that it was a pretty good district, and when I came up here and looked it over, I found that it was all that I had expected of it.

"It is my opinion that Olinghouse and the country about it has not alone a bright future, but will become a second Goldfield. It is much older than Goldfield, it has a good start. It is no rush of people who know nothing of mining, but nearly every one going into Olinghouse has been a successful miner at some other place."

MAY PLAT OLINGHOUSE LAND AND LEASE IT

E. T. Lathrop, of Wadsworth, came in from Olinghouse yesterday on a business visit. He states that it is rumored at Olinghouse that the Springfield company is to plat its claims, on which most of the squatters are located, into town lots and rent them for \$25 per month.

MAY PULL OFF BIG FIGHT HERE

Battle for Heavy Weight Championship May Take Place in Reno on July 2d

Unless there is some hitch in the arrangements, which have progressed almost to completion, Reno will be the scene on July 2d of one of the greatest athletic carnivals in recent years.

For several days Dan Egan, J. J. Corbett's manager, during the days when Pampadour Jim was champion, and Al Livingston of Carson, have been keeping the wires hot with messages to the fighters and have been closeted much of the time with local sporting men.

It is the intention to pull off a championship battle to a finish among two of the big fellows, and thus adjust the controversy which now exists over the championship.

Jeffries, who has been in San Francisco for the past two weeks, is said to have stated that if Marvin Hart and Jack Root are brought together in a finish fight that he will surrender the title to the winner of the contest.

There will be several other big vents on the card.

At least one lightweight event will be pulled off and it looks as if the fight in this class would be a big event. The promoters have a half dozen clever little men in view, but the first thing arranged will be the big event, the fight which will draw ring followers from the four corners of the country.

As Nevada is the only state where a finish fight can be held, the championship battle here will be more satisfactory than some of the heavyweight fights of recent years. Indeed not since the last time Jeff and Fitz mixed it up for eight rounds have the devotees of the ring been given anything that had even the savor of the old time championship battles.

Just now the time seems particularly opportune for a big fight Root and Hart are both the fastest men among the "heavies," and their standing in relation to the championship is disclosed by the offer made by Jeffries to surrender the title to the best of these two men.

From a business point of view if the fight was pulled off here it would leave thousands of dollars in the town. Just how much would be hard to compute. The men will fight for a large guaranteed purse and a slice of the gate receipts.

An amphitheatre will be built having a seating capacity of from 6000 to 8000.

MAY PROSECUTE WORK ON HAZEN CUTOFF

It was reported from Hazen last night that the Southern Pacific railway is prosecuting work on the Hazen cutoff.

The restraining order issued by Judge Currier, restraining the Southern Pacific and the contracting firm building the road from building the line through the desert land claim of Jerome Higman was served yesterday by Deputy Sheriff Jud Allen of Hazen. Work was suspended for about an hour and then resumed.

Whether the company has effected a settlement with Higman or whether they are going ahead in the face of the restraining order on the grounds that the court has no jurisdiction could not be ascertained here last night.

ORDERED FROM THE POORHOUSE

Miss Kistler, Deprived of County Aid, Appeals to Sheriff for Night's Lodging

Miss Kistler, about 52 years of age, appealed to Sheriff Ferrel for a night's lodging last evening. Miss Kistler stated to the sheriff that she had been at the poorhouse but had been turned out by Superintendent O'Dette yesterday. Sheriff Ferrel kindly gave the woman the privilege of sleeping in the jail.

Superintendent O'Dette was asked for a statement regarding the case last night. "Yes, Miss Kistler came here about three weeks ago with an order from the commissioners, asking that she be taken care of for a few days. We tried to treat her right. A few days ago we secured a position for her with a salary of \$1 a day. She is not old and feeble but strong and able to work. She refused to accept the position. Our only course was to tell her that her presence in the poorhouse was not desired. We make it a point to care for all worthy and feeble poor persons."

Dr. Bergstein's Quarters.
During his stay in this city Dr. Bergstein will be found at room 42, McCormack Building. Those wishing to see him will find him there during regular office hours.

M. J. B. Sells Better THAN Any Other Why?

It may not be the cook's fault, when your breakfast is spoiled by poor coffee, don't blame the cook until you find out what brand of coffee she uses. It's more than likely the fault is with the coffee and not with the cook. If you find the fault is with the coffee, change your brand. Try a 3 lb can of the famous M. J. B. Mocha and Java, which we are offering for Friday and Saturday, May 19 and 20th at the greatly reduced price of 95c per can. Then if the coffee don't taste right change cooks. We offer

It's the Particular Young Man... We Wan't to Catch

The sort of chap who has been getting his clothes made year after year by a custom tailor—thinks there is no use trying to look right in a ready-to-wear suit because he has tried it. The art of making clothes has gone ahead—kept right along with all things else until it has well nigh reached the acme of perfection. You no longer can stand on the street and pick out the chap with the hand-me-down if it is a

Hoffman--Rothschild

From the fellow with the high priced custom made suit. Our clothing—the Hoffman-Rothschild make—is positively the most perfect in fit and exclusive in pattern on the market today. We are the sole agents for Reno of this famous house, and we are sure to fit you out this summer if you make us a call. The prices range from a low as \$10 to as high as you want to go, and the bargains on these beautiful spring goods will open your eyes. Our summer line of straw hats, imitation Panamas, shirts, neckwear, socks, etc., is in and are going to go out at prices that will defy competition.

AUTO LINE TO WHITE HORSE

RUSH TO THE NEW COUNTRY IS NOW ON

Several Important Deals Are Now On, But This Does Not Stop Production of Large Quantities of Rich Ore

This has been a rushing week at Olinghouse canyon and the White Horse district. Capitalists, mining experts, mining promoters, miners, business men and brokers are coming in large numbers. They are looking over the camp; they like the district and are getting a footing here and everything is forging ahead and a substantial boom is now on.

New discoveries are being made daily in various parts of the district and former discoveries are keeping the owners busy preparing for more extensive operation. Several of the directors of the Springfield-Nevada Company are now going to sink a deep shaft and prospect their mines at depth, and improve their former management generally. There are many changes to be made which are in line of practical mining.

Many of the prospectors are spending a few days at Secret and Big Mouth canyons and the returning ones speak in most flattering terms of the northern end of the district.

Yesterday Rice and Howard broke into a shoot of ore that shows values well up into the hundreds in gold on the No. 2.

Assessor Beard (accommodating, thoughtful Bill Beard) has notified the district that the Southern Pacific company has notified him that they are

going to dead sections 29, 31 and 33 back to the United States government. It is glad news, Bill. There will be no more question about title now.

Ed Sullivan has found a vein on the Independence which carries free gold which shows in the rock. This claim is owned by Sullivan and Carmelcke. Johnson and Woelfer are getting excellent prospects on their claim near the Green Hill.

Ingalls and associates will ship several tons of the richest ore ever struck in Nevada soon. They are doing much preliminary work in preparation to extensive mining.

The company who have bonded the Ora group will begin operation the first of next week.

Good ore has been struck on Matt Baroch & Co.'s claims in Tiger Canyon. It is an extension of the Ingalls lode.

Carmelcke and Geogg are in 120 feet, crosscut tunnel. They expect to tap the north end of the Crown Point lead at 160 feet.

Judge Bridges begins to think he is a genuine miner. He has struck good mill dust and probably that accounts for this.

Ralph Norris is hauling ore to the Olinghouse mill. He will mill in a few days.

Jack Sheehan is making ore faster than ever on the Crown Point.

There are four or five deals on at present which are of a large consideration and will be made public within a few days. The new hotel is progressing nicely and a week more it will be nearing completion. It would be patronized to its full capacity at the present time if now completed.

Ed Rogers has opened a broker's office and will do a thriving business.

An automobile will be run from Wadsworth to Olinghouse making several trips daily in the near future.

From the way traffic is picking up the auto will have all it can do. Wilkerson, Golding and Weimore have bonded a valuable group of claims near Secret Canyon to Governor Sparks, Hatton, Patton and Clough.

President Young, in Charge of

En Route to Goldfield

(Continued From Page One)

are hurrying back to Goldfield as soon as it is possible to get there," said President Young. "In order to block any fight for a receivership, which the people down there are liable to strive for in their misunderstanding of actual conditions. The bank is perfectly solvent as there are plenty of assets to put it in good shape if they will but give us a short time in which to collect in our loans. We will then pay every dollar. What we want to do is to prevent a wholesale squandering of these assets."

I understand that a lot of petty creditors are making all the uproar and want to swear out more warrants, besides those which they have already sworn against us these being, I am told the result of their action. We are not wrecking any bank. It was a case of being caught through withdrawals of funds from the bank by depositors interesting themselves in the Bull Frog and other new camps. They rushed on us too heavy without previous anticipation but even with that we could have gone on if Boal had not closed up Monday as he did. I had closed a mining deal three days before which would have brought in \$50,000 and the First National bank of San Francisco agreed on Monday to loan us \$20,000. I asked for it on Saturday and it was granted \$15,000 of it first but just then word came of the two drafts being protested and the doors of the bank not being opened as usual for business."

When asked why he went so hurriedly to San Francisco President Young said "I went for two reasons both in order to get the money which I knew I should get. I had the deal on hand from which a good sum was to be realized and I was also to see the bank people to get the loan, which I got."

As soon as I heard that the bank was closed I wanted to return on the first train and we had our tickets and were crossing the bay on our way home when we were arrested. But we were delayed a day by the detective's office. I am anxious to get back and get things straightened out."

No I do not know where Cashier Boal is replied Young to a question. "L. Burton the attorney was extremely loquacious."

"A depositor and creditor came to me last Thursday said Mr. Burton, who himself is it is claimed a creditor to the tune of \$6000 and is under arrest. It is alleged for obtaining money under false pretenses. We talked over the situation and decided that Young should go to San Francisco. We called in the other bankers and they agreed to furnish sufficient money to keep the bank open until arrangements should be made. But for some unaccountable reason Boal didn't open the bank Monday morning. We were already on our way back when arrested."

LIGHT COMPANIES OF
RENO ARE AT WAR

(Continued From Page One)

"Reno will shortly have a vastly improved water supply. It will come from two sources one from springs and the other from the river the water first passing through a natural gravel filter. Professor N. E. Wilson has completed analysis of samples from these two sources and pronounces the water to be organically pure."

"Our company has received twenty-three miles of pipe and a portion of the material for the new \$85,000 gas works. We will use crude oil and expect to reduce the cost of gas 66 percent thus making it the cheapest possible fuel."

Train Jumps Track Near Hawthorne Special to The Journal. MOUND HOUSE, May 26 (1 a. m.)—The east bound passenger train of the Carson and Colorado railroad jumped the track eight miles west of Hawthorne yesterday afternoon. Engine No. 2203 struck a defective frog and plunged into the sand buying itself up to the journals. Fortunately no one was injured.

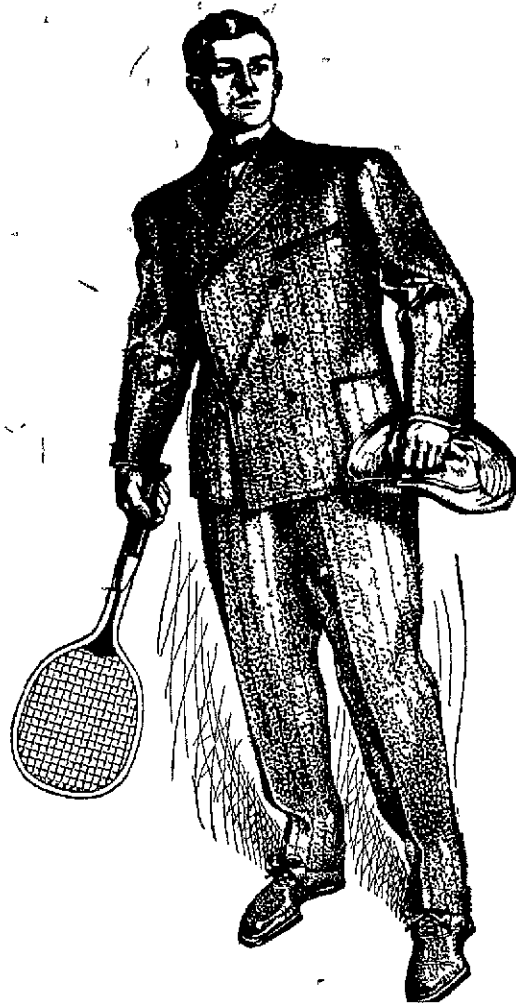

Considerable difficulty was experienced in getting the engine on the track. The train arrived here early this morning, seven and a half hours late.

Jap Trouble in Hawaii. HONOLULU, May 25—Police Captain Parker has returned from Lahaina and says that reports of violence are greatly exaggerated and that the residents are in no danger during the strike. It is believed there will be no further trouble.

The strike was caused by an assault on a laborer by a foreman who had been fined \$100.

A thousand Japanese attended the trial of the foreman. The Japanese are anxiously awaiting the result of the inquest, demanding the punishment of the slayer of their countryman.

ON BEING IN STYLE

WHEN it comes to styles in men's clothes, "it takes all kinds of people to make a world."

Some make it an amusing world; they try so hard to be in style, that they are chiefly conspicuous; and ludicrous.

Some say they don't care for style, "give me good, becoming clothes; never mind the style." If they were sincere they would be pathetic; they are neither. Gentlemen are never wholly indifferent to style.

The greater majority occupy middle ground. They know that best style is never conspicuous; and always becoming. They regard clothes as more than a mere covering for the body; and they know that a man's clothes are, in a way, an expression of his taste and character.

These are the men for whom Hart, Schaffner & Marx clothes are made.
